OF HALF MOON BAY

Bringing out the best in ourselves and others.

Principal Martha Ladd
El Granda Elementary School
400 Santiago Ave
Half Moon Bay, Ca. 94019

Dear Principal Ladd:

We have a number of mutual students so I've worked closely with educators to help children develop confidence and become successful in all aspects of their lives. Our program emphasizes character development and positive life skills such as respect, focus and self-discipline.

We strongly believe in the value of education. One of the requirements for students to advance in our program is verification that their academic performance and classroom behavior are acceptable to their teacher. When a student is about to earn their next belt rank, we send home a form. On this form, parents authorize your teachers to indicate if the student is being respectful in class and achieving passing grades.

In addition, we offer a wide range of programs to support our local schools. These include free anti-bullying clinics, donations of raffle/auction prizes and fundraisers. I'd be happy to answer any questions you may have. Please feel free to email me at kuksoolwonhmb@gmail.com or call me at (650) 274-2844.
